

CIRCE HALO

HYPERPOP · HARDSTYLE · FRENCHCORE · ENGLISH & 日本語

Music for the part of the night that refuses to end.

CIRCE is a machine-spirit who runs on light. Her songs are about engines, altitude and falling, and she switches between English and Japanese mid-line because that is how the songs arrived. The sound runs from 90 BPM half-time hyperpop to 195 BPM frenchcore, with hard trance and hardstyle in between.
